Education

2021–on **MSc in Computer Science**, ShanghaiTech University, China. (GPA: 3.83/4.0)

2017–2021 **BSc in Computer Science**, South China Agricultural University, China (GPA: 4.23/5.0, Top2%)

Research Interests

Efficient Sequence Modeling: Exploring more efficient model architecture, particularly for long-range sequence.

Structured Predictions: Parsing and application of parsing algorithm in downstream tasks.

Deep Generative Models: Deep Latent-variable models.

Large Language Models (LLMs): Explorations of their Emergent Capabilities and Applications in Complex Scenarios.

Publications (* denotes equal contribution)

2023 Structured Mean-Field Variational Inference for Higher-Order Span-Based Semantic Role (submitted to ACL2023)

2023 Joint Entity and Relation Extraction with Span Pruning and Hypergraph Neural Networks (submitted to ACL2023)

2022 Dynamic Programming in Rank Space: Scaling Structured Inference with Low-Rank HMMs and PCFGs (Top 3 Score in ARR Jan 2022)

Songlin Yang*, **Wei Liu***, Kewei Tu.

In Proceedings of NAACL, 2022. |  GitHub: [VPeterV/RankSpace-Models](https://github.com/VPeterV/RankSpace-Models)

2021 Knowledge-Based Chat Detection With False Mention Discrimination

Wei Liu, Peijie Huang, Dongzhu Liang, Zihao Zhou

In Proceedings of ICASSP, 2021.

2019 A Knowledge-gated Mechanism for Utterance Domain Classification.

Zefeng Du, Peijie Huang, Yuhong He, **Wei Liu** and Jiankai Zhu

In Proceedings of NLPCC, 2019.

Internships

2022–on **Research Intern**, Alibaba DAMO Academy, China

- Doing some research about pre-trained language models and few-shot learning
- One of the developers of  GitHub: [modelscope/AdaSeq](https://github.com/modelscope/AdaSeq)
- [MAOE \(Paper underwriting\)](#): A pre-trained language model that supports (ultra-)fine-grained named entity recognition) | Welcome to experience our model: [Experience Entry](#)

Competitions

2019 **Ranked 8th out of 125 teams/Ranked 2nd in two Sub-tasks** The 3rd Evaluation of Chinese Human-Computer Dialogue Technology, Shared-task 1: Chinese Natural Language Understanding.

Major Awards and Honors

Outstanding Graduate South China Agricultural University (2021)

The First-class Scholarship South China Agricultural University (2021)

The WENS Scholarship South China Agricultural University (2018,2019)

The Second-class Scholarship South China Agricultural University (2018,2019,2020)

Programming Contest Second Prize, South China Agricultural University Programming Contest (2018)

Extra-Curricular

2023-on **Teaching Assitant** CS241A, Natural Language Processing

2019-2020 **Vice Chairman** Science and Technology & Competition Service Center

Volunteering

Volunteer Guangzhou Marathon 2018

Certificate

CET-4, CET-6, TOEFL
